Dear Mr. Dr.Ing.Ph.D. Abd-Ellah Abo-Hegab,

Doing business with the United Nations offers great potential. In 2024, the UN organizations procured a total of more than 25.7 billion USD of goods (46%) and services (54%) while supplying the UN's global peacekeeping, humanitarian, and development efforts. Securing a contract with UN agencies provides German companies with long-term, profitable business opportunities.
For the 9th time, the German American Chamber of Commerce, Inc. in New York and the German Mission to the UN are organizing a UN Procurement Seminar exclusively for German companies.
The seminar will take place at the Permanent Mission of Germany to the United Nations, right in the heart of vibrant New York City. The event will feature expert presentations from various UN organizations as well as practical workshops about the UN procurement process.
German companies will also have the opportunity to join an exclusive tour of the UN headquarters in New York City.
